He recommended that fire plugs be located at the following places: One at corner of Sixth and Bank streets in front of the almshouse; one on East Fourth street, in front of Thomas Cloney's residence; one at corner of Houston avenue and Williams street; one at corner of Third and Poplar streets; also that a two-inch stand-pipe be placed at almshouse, with 100 feet of hose.

Building permits were granted as follows:

Mrs. Lida Kilgore, small metal roof veranda on residence on West Second street, First Ward.

John W. Davidson, frame building for storage purposes, on lot on Bank street, Fourth Ward.

Mrs. Lida Kilgore, colonial porch, West Second street, First Ward.

Verner Dryden, room on west side of house on Commerce street, Sixth Ward.

Lee Williams, two-story frame dwelling, store house, stable and other out-buildings, at corner Third and Wood streets, Sixth Ward.

The report of the Propositions and Grievances Committee and the Board of Health as to the matter of getting rid of the garbage, recommended that the refuse be taken to the city lot in the Fifth Ward, where an incinerator will be built, if it doesn't cost too

much; but there was nothing said as to how the garbage was to be gotten to that place, and it is supposed that everybody will be compelled to carry it there. It recommended that numerous sewers be built throughout the city, and some action to be taken in regards to the sewers emptying into the river above the water works pumping station. The report was referred to the chairman of the Ways and Means Committee, Laws and Ordinances Committee, Internal Improvement Committee and Propositions and Grievances Committee, to report at next regular meeting of Council.

Hensley C. Hawkins was granted an auctioneer's license.

The resignation of Member J. D. Easton, of the Second Ward, was read by Mayor Lee and accepted by Council.

Member Arn introduced the ordinance that was rejected at last meeting to brick Sutton street from Front to Third; Market from Front to Second; Second from Limestone to Bridge; Bridge from Third to Limestone; Bridge; Second from the bridge to Carmel street.

Mr. I. M. Lane presented a protest against the bricking of Second street, through the Fifth and Sixth Wards, signed by the following property owners in those two wards:

Fifth Ward—Mrs. I. M. Lane, Clarence Mathews, E. A. Robinson, P. Ryder, Mrs. John Mathews, James P. Dickson, Mrs. T. V. Nesbitt, Mrs. Rosa Poth, Parker Grimes, C. C. Dobyns, Clarence Mathews and C. A petition of property owners on Forest avenue, between Commerce and Lexington streets, asking Council for a sewer on that thoroughfare, was read, and it was referred to the same committee the report of the Propositions and Grievances was referred to.

In view of the growing business of the interurban automobile service now coming into and going out of this city, a petition was presented to Council asking permission to erect a depot on Market street Esplanade on the south end, to be paid for by the business men of this city. There are now some fifteen or twenty of these new transportation cars entering this city daily and it is thought a suitable place should be provided as a depot for the numerous passengers who come here to do their shopping and as it now is there have no definite place to go where they can wait for their respective autos. The matter was referred to the same committee that has the Board of Health-Propositions and Grievances Committee report.

The Board of Education asked the City Council to indorse its action in the purchase of the Dinger property

BEAUTIFUL CRAFT TO BE CHRISTENED SOON.

The beautiful houseboat of Messrs. Ross Owens, Dudley Quantance, Joseph Calvert, Leslie Threlkeld, Douglas Newell and Henry Pogue, is about ready for christening.

It is a beauty, in white with green trimmings, over eighty feet in length and twenty-two feet wide, and has three cabins. The reception cabin is thirty feet long, with a dining hall over twenty feet, and the gentlemen's cabin is about the prettiest thing on the Ohio river.

In a few days the craft will be brought up to the foot of Market street, where a reception will be held. The owners have had picture cards of the boat made and are sending them to their friends. The recipients of these cards are invited to come to the reception and bring some useful article, the person bringing the most useful article to be given the honor of choosing a name for the boat. This novel method promises to make the party one of the biggest affairs of the season.

Judge Garrett S. Wall, chairman of the State Board of Control of Charitable Institutions, who has been on a vacation for several weeks, traveling in the west and visiting the Panama exposition in California, returned to his home here Sunday and left on Monday for Frankfort. The Judge is looking fine, and says his trip did him much good.

Mr. C. S. Mains, of Minerva, on last week sold a one-ton Kohler motor truck to the Dover Cannery. He has the agency for this machine in Bracken and Mason counties.
